

VIRTUAL EVENT Rhino Refresher

A virtual journey through rhinology fundamentals

From sinonasal malignancy to biologics, septoplasty, and considerations in pediatric, endoscopic sinus and skull base surgery, and much more...

**Free for
ERS
members**

07.09.2024

Time Start	Type	Lecture Title	Moderator/Chair	Speaker(s)	Duration (min)	Q&A
9:00	Welcome and Introduction	Welcome message by ERS Secretary General, Chair of Educational Committee and chair of ERS Junior Members		Claire Hopkins Marlene Speth David T.Liu	10	
9:10	keynote	Biologics: when, which and how to use biologics?	Wytse Fokkens	Claire Hopkins	20	
9:30	general	The future of rhinology		Peter Hellings	10	
9:40	general	Which nasal spray, how long for, antibiotics, steroids? an overview		Sietze Reitsma	10	
9:50	general	How to assess treatment? What to do if it fails?		Ahmad Sedaghat	10	
10:00	general	The runny nose, the dry nose, the old nose		Sven Becker	10	
10:10	general	Olfaction overview		Basil Landis	10	
10:20	keynote	Sinonasal malignancy: diagnostics and management	Zsolt Bella	Christian Betz	20	5
10:45	general	The future of sinonasal tumor surgery		Robbie Woods	10	
10:55	general	Pre- op CT		Zsolt Bella	10	
11:05		BREAK (PROMO)			5	
11:10	general	Anatomy of the skull base		David T. Liu	10	
11:20	general	Role of objective testing in sinonasal assessment		Catherine Rennie	10	
11:30	general	Preparation		Ralf Moesges	10	
11:40	panel	Everyday things	Marlene Speth	Dilyana Vicheva, Gwijde Adriaensen	30	5
12:15	Dragon's Den	Announcement of Dragon's Den 2025		Wenche Moe Thorstensen, Marlene Speth	5	
12:20	overview Budapest	Upcoming Congress in Budapest		Zsolt Bella	10	
12:30	overview Programme	Overview of Programme for ERS 2025		Christian Betz	10	
12:40	keynote	Outcomes of septoplasty	Gwijde Adriaensen	Sean Carrie	20	
13:00	Medtronic keynote	Paradigm shift in ESS surgical training: the era of innovation, simulation, and beyond	Agnieszka Strzembosz	Agnieszka Strzembosz (Medtronic)	20	
13:20	keynote	Septal perforations	Frank Riedel	Isam Alobid	20	
13:40	general	Empty nose		Jaykar Nayak	10	
13:50	panel	Facial plastics	Iannis Constantinidis	Frank Riedel, Hesham Saleh, Garyfalia Lekakis	30	5
14:25	keynote	(Draf) Frontal sinus surgery - an overview	Christian Betz	Wytse Fokkens	20	
14:45	panel	Frontal sinus	David T. Liu	Ahmad Sedaghat, Erich Vyskocil, Raewyn Campbell	30	
15:15		BREAK (PROMO)			5	
15:20	general	Basic concept of endoscopic sinus surgery		Anna-Sophie Hoffmann	10	
15:30	general	Extend of surgery: Functional or radical		Rainer Weber	10	
15:40	general	Principles of skull base reconstruction		Laura van Gerven	10	
15:50	general	Full house FESS		Christos Georgalas	10	
16:00	keynote	Special considerations in pediatric endoscopic sinus and skull base surgery	Claire Hopkins	Iannis Constantinidis	20	
16:20	general	Surgical error		Joachim Kabitz	10	
16:30	general	Complication management of acute intraop emergencies I: orbital		Pavol Surda	10	
16:40	general	Complication management of acute intraop emergencies II: skull base		Thibaut Van Zele	10	
16:50	general	Complication management of acute intraop emergencies III: bleeding		Wenche Moe Thorstensen	10	
17:00		END
